Speech Acts An Essay In

In general, speech acts are acts of communication. To communicate is to express a certain attitude, and the type of speech act being performed corresponds to the type of attitude being expressed. For example, a statement expresses a belief, a request expresses a desire, and an apology expresses a regret.

Speech Act By: Janice Widjajakusuma - 2013008114 Speech acts is an utterance that has formative function in language and communication. As what I have learned earlier in class, there are apologize and complaint as example for speech acts. Below I will give some other verb of speech acts that people often use together with the definition and example so we can see the difference between each verb.

Function of Speech Acts Essay - 1620 Words

A speech act is an act that a speaker performs when making an utterance. To Jennifer Spenader, speech act theory is: A theory where the effect of an utterance is analyzed in relationship to the speaker and listener's behaviour. Speech act theory can also help us examine utterances from the perspective of their function, rather than their form.

Speech Act Theory - UK Essays

The speech act theory has come to be recognized as very important in everyday life and particularly after the revelation by scholars that these speech acts do much more than describing reality. Studies that have taken place over the years since the speech act theory was proposed have come to distinguish the philosophy of language as an entity different from other philosophies (Platts 1989).
